WHY LUEUR

Smart Living. Better Every day.

LUEUR Automation And Lighting Solutions
Are Designed To Bring Comfort, Efficiency,
Safety, And Control To Every Corner
Of Your Home

ENHANCED LIFESTYLE

Control lights, fans, curtains,
and appliances automatically.
Enjoy a smarter home —
effortless and hands-free.

SECURITY & SAFETY

Motion sensors trigger instant
alerts. Includes child safety
locks, surge protection, and
safe low-voltage systems.

ENERGY SAVINGS & MANAGEMENT

Save up to 40% on electricity
with smart scheduling. Track
real-time energy usage from
your app.

TUNE TO YOUR MOODS

Create custom lighting scenes
for movie nights, work, or sleep
— with one tap or voice com-
mand.

COMPLETE HOME AUTOMATION

Control lights, ACs, TVs, fans,
and more from one app.
Works with Alexa & Google
Assistant.

HEALTHY & GREEN LIVING

Eco-friendly DC power reduces
energy use and carbon foot-
print for a smarter, greener
home.

LUEUR ARCHITECTURE

LUEUR DC LIGHTING

SMARTER POWER. BETTER EFFICIENCY. TOTAL CONTROL

INTELLIGENT LIGHTING

BUILT ON DC POWER

LUEUR DC Lighting architecture delivers energy efficient, reliable and fully controlled lighting for modern spaces.

01

ENERGY EFFICIENCY

DC architecture reduces power loss and improves overall efficiency across the lighting system, lowering operational costs.

02

CENTRALIZED CONTROL

All lighting devices are managed through the Hybrid-PoE Gateway for real-time monitoring, automation and control.

03

LOW VOLTAGE SAFETY

Safe and stable DC output ensures reliable operation, longer life for luminaires and minimal maintenance.

TUNABLE LIGHTING

Adjust color temperature (Warm, Natural, Cool White) to create the perfect ambiance for any space.

MOTION AUTOMATION

Integrated motion / presence sensors ensure lights turn on only when needed, delivering maximum energy savings.

SCALABLE SYSTEM

Easily expand and integrate across small to large projects with complete flexibility and future readiness.
